

Instructions for correct fitting of your Sports Timing Solutions Number Tag

For this race we will be utilising our Number Tag, your timing chip is already fixed onto your race number.

In order to receive an accurate finish time it is essential to wear your number as show below:

**Please ensure that you adhere to the following instructions:**

- Ensure that the Number is clearly visible from the front on your torso.
- Do not modify, alter or fold the race number
- Pin the number in all 4 corners
- Do not cover with jackets or number belts etc

Once the race has finished you do not need to hand anything in, the timing chip can be thrown away, please dispose of the timing chips when you get home or using the nearest litter bin.

Instant results will be available during the event at our results kiosks located near the finish line and also available online using your mobile device, if you have opted for the SMS when signing up for the event you will receive your results via SMS as well.
